

§ 137.33

33 CFR Ch. I (7–1–14 Edition)

listed in this subpart that is publicly available, is obtainable from its source within a reasonable time and cost, and can be reviewed practicably; and

(2) Review and evaluate the thoroughness and reliability of the information gathered in complying with each standard and practice listed in this subpart taking into account information gathered in the course of complying with the other standards and practices of this part.

§ 137.33 General all appropriate inquiries requirements.

(a) All appropriate inquiries must be conducted within 1 year before the date of acquisition of the real property on which the facility is located, as evidenced by the date of receipt of the documentation transferring title to, or possession of, the real property and must include:

(1) An inquiry by an environmental professional, as provided in § 137.35.

(2) The collection of information under § 137.40 by persons specified in § 137.1(a).

(b) The following components of the all appropriate inquiries must be conducted or updated within 180 days before the date of acquisition of the real property on which the facility is located:

(1) Interviews with past and present owners, operators, and occupants. See § 137.45.

(2) Searches for recorded environmental cleanup liens. See § 137.55.

(3) Reviews of Federal, State, tribal, and local government records. See § 137.60.

(4) Visual inspections of the facility, the real property on which the facility is located, and adjoining properties. See § 137.65.

(5) The declaration by the environmental professional. See § 137.35(d).

(c) All appropriate inquiries may include the results of and information contained in an inquiry previously conducted by, or on behalf of, persons specified in § 137.1(a) who are responsible for the inquiries for the facility and the real property on which the facility is located if—

(1) The information was collected during the conduct of an all-appro-

priate-inquiries investigation under this part.

(2) The information was collected or updated within 1 year before the date of acquisition of the real property on which the facility is located.

(3) The following components of the inquiries were conducted or updated within 180 days before the date of acquisition of the real property on which the facility is located:

(i) Interviews with past and present owners, operators, and occupants. See § 137.45.

(ii) Searches for recorded environmental cleanup liens. See § 137.55.

(iii) Reviews of Federal, State, tribal, and local government records. See § 137.60.

(iv) Visual inspections of the facility, the real property on which the facility is located, and the adjoining properties. See § 137.65.

(v) The declaration by the environmental professional. See § 137.35(d).

(4) Previously collected information is updated by including relevant changes in the conditions of the facility and the real property on which the facility is located and specialized knowledge, as outlined in § 137.70, of the persons conducting the all appropriate inquiries for the facility and the real property on which the facility is located, including persons specified in § 137.1(a) and the environmental professional.

(d) All appropriate inquiries may include the results of an environmental professional's report under § 137.35(c) that have been prepared by or for other persons if—

(1) The reports meet the objectives and performance factors in § 137.30(a) and (b); and

(2) The person specified in § 137.1(a) reviews the information and conducts the additional inquiries under §§ 137.70, 137.75, and 137.80 and updates the inquiries requiring an update under paragraph (b) of this section.

(e) To the extent there are data gaps that affect the ability of persons specified in § 137.1(a) and environmental professionals to identify conditions indicative of the presence or likely presence of oil, the gaps must be identified in

the report under §137.35(c)(2). In addition, the sources of information consulted to address data gaps should be identified and the significance of the gaps noted. Sampling and analysis may be conducted to develop information to address data gaps.

(f) Any conditions indicative of the presence or likely presence of oil identified as part of the all-appropriate-inquiries investigation should be noted in the report.

§ 137.35 Inquiries by an environmental professional.

(a) Inquiries by an environmental professional must be conducted either by the environmental professional or by a person under the supervision or responsible charge of an environmental professional.

(b) The inquiry of the environmental professional must include the requirements in §§137.45 (interviews with past and present owners), 137.50 (reviews of historical sources), 137.60 (reviews of government records), 137.65 (visual inspections), 137.80 (commonly known or reasonably ascertainable information) and 137.85 (degree of obviousness of the presence or likely presence of oil). In addition, the inquiry should take into account information provided to the environmental professional by the person specified in §137.1(a) conducting the additional inquiries under §137.40.

(c) The results of the inquiry by an environmental professional must be documented in a written report that, at a minimum, includes the following:

(1) An opinion as to whether the inquiry has identified conditions indicative of the presence or likely presence of oil at the facility and the real property on which the facility is located.

(2) An identification of data gaps in the information developed as part of the inquiry that affect the ability of the environmental professional to identify conditions indicative of the presence or likely presence of oil at the facility and the real property on which the facility is located. The report must also indicate whether the gaps prevented the environmental professional from reaching an opinion regarding the identification of conditions indicative of the presence or likely presence of oil.

(3) The qualifications of the environmental professional.

(4) An opinion regarding whether additional appropriate investigation is necessary.

(d) The environmental professional must place the following statements in the written document identified in paragraph (c) of this section and sign the document: “[I, We] declare that, to the best of [my, our] professional knowledge, [I, we] meet the requirements under 33 CFR 137.25 for an environmental professional.” and “[I, We] have the specific qualifications based on education, training, and experience to assess the nature, history, and setting of a facility and the real property on which it is located. [I, We] have developed and conducted all appropriate inquiries according to the standards and practices in 33 CFR part 137.”

§ 137.40 Additional inquiries.

(a) Persons specified in §137.1(a) must conduct inquiries in addition to those conducted by the environmental professional under §137.35 and may provide the information associated with these additional inquiries to the environmental professional responsible for conducting the activities listed in §137.35—

(1) As required by §137.55 and if not otherwise obtained by the environmental professional, environmental cleanup liens against the facility and the real property on which it is located that are filed or recorded under Federal, State, tribal, or local law.

(2) As required by §137.70, specialized knowledge or experience of the person specified in §137.1(a).

(3) As required by §137.75, the relationship of the purchase price to the fair market value of the facility and the real property on which the facility is located if the oil was not at the facility and the real property on which it is located.

(4) As required by §137.80 and if not otherwise obtained by the environmental professional, commonly known or reasonably ascertainable information about the facility and the real property on which it is located.

(b) [Reserved]
